STAR DATA – Dr. Hedlund

- We are 3 points away from being a 5 Star School
- We are in an inverse situation – reading is higher than math
- Under NCLB → the District pushed hard for accountability
- N= 10, ratings from 1-5
- Growth counts more than proficiency
- Framework for different “groups” of children, including disabilities, “at risk,” ELL and race/ethnicity
- 2018-2019 STAR rating was 76.61%, a nearly 10% increase from the year prior
- Ran through breakdown of different groups
- Ran through Points of Pride! And points to focus on moving forward.

Budget Season Introduction –

- We should get our school budget at some point in February (maybe January per Dr. Hedlund)
- Principal is the “front line” on the budget
- Turnaround on it is a few weeks, maximum, to get comments
- Dr. Hedlund moved money from Admin Premium to Custodial OT for use in snowstorm
- Liz would like some info on what we would want to push during budget season
 - What do we want to ask for during hearings?
- World Languages: we need a special allotment to get it for two
 - We may need to push on that item
- Guidance Counselor has been cut
 - Went from one FTE to a 0.5 FTE and then no one would fill it, so they essentially cut that item
 - SEL prospective we need both.

Open Meetings Act –

- Was sent by email
- There are some things we have to do to comply

- The most relevant item is what happens when we close the meeting – we need to vote a meeting in advance

ECE Materials –

- Will be split equally among the four classrooms
- January 6 → Will conclude the supply drive
- Some of the classrooms are doing their own drives
- Next step is bringing some equity to the classrooms
- Dr. Hedlund has some money in the budget to contribute as well

Liz Budget Update –

- Teacher wish lists – need to get that finalized
